Full Stack Web Developer with a background in Law and Political Science. Pursued Full Stack Certificate at the University of California, San Diego. Acquired skills in HTML, CSS, JavaScript, Node.js, Express.js, React, MySQL, MongoDB, and Git Workflow. Recently worked in a group of five and developed a full stack e-commerce application for buyers and sellers. Problem-solving ability, fast learner, detail-oriented with the ability to work in stressful situations. Passionate to develop real-world projects from conception. Looking to bring my attention to detail and technical skills to a company to grow and become a valuable asset.
